<ul style="list-style-type: none"> • stated objective!! • reviewed from earlier in week • "big sign" tells you to stop - Good connection to their world • visuals • lots of "good job" • connected old content to new • <u>very</u> hands on • lots of repetition • focused base at the table 	<p>Stephazie did an <u>amazing</u> job! They are <u>maris</u>!</p> <ul style="list-style-type: none"> • Distributed materials as needed - polygons - collected • They hand out pegboard stuff • "classroom computer" something that they can try practice, but today's was fri. maybe "toughen up" a bit. You have to expect some fiddling

Madeline Hunter Format

1. Objectives
2. Standards
3. Anticipatory set
4. Teaching
 - input
 - modeling
 - check for understanding
5. Guided practice/monitoring
6. Closure
7. Independent practice

involvement involved - on the carpet, then moved to table (helps break it up)

• if I can not let a student use the restroom during instruction.

1-13-16 Stephazie taught a math lesson to 5 third graders. The lesson was on polygons - naming them, regular, etc.

Really Wow!
nicely done!!
